ORGANIZED LABOR DENOUNCE OPEN SHOP

Opposes Government Injunctions In Industrial Disputes

DEFIES GOVERNMENT

Meeting of Labor Organization at Call of President Gompers—Organized Labor Faces Grave Crisis is Belief

Washington, Feb. 24.—Open rebellion against the enforcement by the Government of judicial injunctions in industrial disputes was declared yesterday by the 200 representatives of 100 American labor organizations who met here at the call of President Gompers, of the American Federation of Labor.

At the close of an all-day session the conference adopted a statement prepared by Mr. Gompers which depicted organized labor as being ground between industrial autocracy and Bolshevism, denounced the open-shop movement as cloaking a campaign to destroy unionism and flung defiance to the Government on the injunction question.

"The injunction, as it is now used and abused in labor disputes, is without sanction either in the Constitution or in the fundamental law of the land, said the statement.

"It is a pure usurpation of power and authority. The only possible and practical remedy in the face of a power so usurped and so completely unjustified lies in a flat refusal on the part of labor to recognize or abide by the terms of injunctions which seek to prohibit the doing of acts which the workers have a lawful and guaranteed right to do, or which seek to compel workers to do those things which they have a lawful and guaranteed right to refuse to do.

"This is the only immediate course through which labor can find relief, and this course it purposes to pursue. Labor realizes fully the consequences of such a course, but in the defense of American freedom and of American institutions it is compelled to adopt this course, be the consequences what they may."

If organized labor should carry out this threat in any of the cases in which unions have been restrained by injunctions from employing methods of coercion held contrary to law, the Government would face a challenge to arrest the offenders and hale them into court for contempt.

The union leaders profess to believe that with the open shop movement growing, wages falling, unemployment increasing, high prices and profiteering continuing and the courts outlawing some of their methods, organized labor faces the gravest crisis in its history. They are going back to their organizations to help raise a great war chest with which to fight the employers and Government enforcement of injunctions.

Labor's "bill of rights" was set forth in the following declarations for which the union leaders ask "public support and recognition."

The right of the working people of the United States to organize into trade unions for the protection of their rights and interests;

The right to, and practice of, collective bargaining by trade unions through representatives of their own choosing;

The right to work and to cease work collectively;

The right collectively to bestow or withhold patronage;

The right to the exercise of collective activities in furtherance of the welfare of labor.

Legislative and other proposals, the adoption of which labor will seek to procure, were summarized thus:

"Enactment by Congress of legislation which shall protect the workers in their organized capacity against the concept that there is a property right in the labor of a human being;

"No application of the use of injunctions in industrial disputes where they would not apply in the absence of such disputes;

"Prohibition of immigration for a permit of not less than two years.

"More general application of the initiative and referendum in the political affairs of the United States and of our several States.

"Removal by Congress of the usurped powers of courts to declare unconstitutional laws enacted by Congress.

"Election of judges.

"Immediate restoration of exemption from or the repeal of all anti-combination and so-called conspiracy laws.

"Restoration of an adequate Federal employment service.

"Administration of credit as a public trust in the interest of all the people.

"Repeal by the States of all Industrial Court laws and all restrictive and coercive laws, including the so-called Open Port law of Texas, and freedom from decisions of courts holding trade unions and individual members thereof liable in damages for the unlawful acts of others.

"Enactment by Congress of a law declaring that labor organizations are not co-partnerships and shall not be so treated in law or in equity.

"Investigation by Congress of the activities of so-called private detective agencies in the field of industrial relations."

Returns For Camera

Soldier Comes Back After Absence of Two Years—Court Holds Case a Civil One

More than two years ago Joe Morrow, a stranger in these parts, was leaving for overseas and he had a camera worth $75. The law of the army prevented his taking it along. He came to Alexandria from Camp Humphreys he said and got M. Bennett, 605 King street, to loan him $15 on the camera. According to Morrow he had an understanding with Bennett that if he returned from the war he would get back his camera, he agreeing to pay Bennett $5 additional. If he got killed Bennett was to retain the camera he said.

Morrow showed up yesterday and the camera had been sold by Bennett and Bennett had no recollection of such an agreement, although he admitted buying the camera and declared he had sold it when he disposed of his photographic business. The court dismissed the case without prejudice, holding that the case was a civil one and not criminal.

Fairfax Bond Issue

George P. Coleman to Address Supervisors March 2—Public Invited

We, the Board of Supervisors of Fairfax County, Va., to the tax payers and voters of the county.

You are cordially invited and urged to attend a mass meeting to be held in the Courthouse at Fairfax, Va., at 2 p. m., March 2, at which time the Honorable George P. Coleman, State Highway Commissioner, will address us on the ways and means by which our county bond issue of five hundred thousand dollars will be refunded to the county or parties so advancing the money.

We take this course in order to show the people proper courtesy and give them a chance to thoroughly understand, and an opportunity to discuss the contract which the Highway Department requests the Board of Supervisors to enter into, which will be read and explained to the people.

The object of this meeting is to get the sense of the people, and, if necessary, to take a recorded vote of the voters at this meeting, after things have been explained, to see how they feel about issuing the bonds in the light of this proposed contract. So we hope that everyone who feels interested in this very important matter will be present to give us his or her views.

Respectfully,
The Board of Supervisors of Fairfax County.

Class Initiation

Sons And Daughters of Liberty to Put Over Big Class Tomorrow Night

Plans have been completed by Friendship Council, No. 28, Sons and Daughters of Liberty, for a George Washington class initiation which will be held in their hall tomorrow night. A large attendance of members is expected, including visitors from nearby councils. Following the initiation a social hour will be held and refreshments will be served.

Held For Grand Jury

Washington Man Had Taken Orders For Peach Extract

Whether or not a Washington firm can come to Alexandria and solicit orders for certain extracts that contain more than the allowed percentage of alcohol and which the police assert are mainly used for beverage purposes is one which will have to be determined by a grand jury.

Policeman Durrer yesterday afternoon took in custody a Washingtonian who was soliciting orders and his book showed he had received two orders for peach extract in different parts of the city. He was accompanied by a young man.

Justice Snow said that the case would have to be thrashed out by the grand jury and he accordingly held both men for the action of that body and fixed their bail bond in the sum of $100 each. They were represented by Attorney W. P. Woolls.

The man in question claimed he simply took the orders and did not deliver, the purchaser being required to call at their Washington place of business and bring the goods into Virginia.

IRVING W. HEFLIN DIES

Irving W. Heflin, 21 years old, unmarried, died this morning at the residence of his parents, Mr. and Mrs. George W. Heflin, Mt. Ida, Arlington county. The deceased had been ill for about three months. He was employed as a clerk at the Potomac freight yards. The arrangements for the funeral have not yet been completed.

The funeral of Sylvester Scott, who died Tuesday, took place this afternoon from his late residence, 924 Franklin street. Services were conducted by Rev. L. H. Kelly, pastor of the Free Methodist Church. Burial was in Bethel cemetery.

Dorothy E. Walker, infant daughter of Mr. and Mrs. Charles Walker, died today at the Alexandria Hospital. The funeral will take place at 11 o'clock tomorrow morning from Wheatley's chapel.

"Skin" Game Raided

Raid Yields Five and Enriches City Treasury $40.

Attracted by the noise made by some of the players in a house in North Pitt street engaged in a game of "Skin" in progress last night a descent was made on the place for the second time within the past two weeks and five colored men nabbed. The raid was made by Police Sergt. Campbell and Privates Miller and Magner.

One forfeited $20 he being the alleged proprietor and the others $5 each, when cases were called in court today.

Gloom For Smokers

Trolley Line to Take Off Smoking Cat Beginning Tuesday

As stated in the Gazette yesterday the Washington-Virginia Railway Company beginning next Tuesday will operate only one car between this city and Washington and this means the trailer will be tabooed and the smoker will have to forego the pleasure of his smoke till he arrives in the District.

Ever since the road was started two cars have been operated to a train. The news was received with considerable gloom by the smokers of the city. A majority of the men regardless of whether or not they used tobacco, always used the rear car and the front car was set apart for the ladies.

As previously stated the officials of the company say that they will operate two cars during the rush hours, but otherwise only one car then will maintain a fifteen minute train service between the two cities and furthermore than the trip will be made in thirty minutes. The present time required is thirty-five minutes.

Commuters are awaiting developments before voicing their opinion on the matter.

TO BORROW $25,000 FOR WATER GAS SET

Ordinance Presented City Council to Amend Sewer Law

PETITIONS PRESENTED

Small Appropriations Sought for Sewer—Seek Additional Lights on Columbus street North of Oronoco St.

The session of the city council last night was a brief one, only a small volume of routine business being presented and it was disposed of without debate.

An ordinance amending an ordinance providing for the construction of public sewers and to regulate the use thereof was presented and referred to the street committee.

A resolution that the city borrow the sum of $25,000 to pay for the installation of a new water gas set at the city gas plant and for the general upkeep of the gas plant. It was referred to the joint committee on light and finance.

Petition from property owners on Columbus street north of Oronoco street asking for additional lights on that street was referred to the light committee. It was presented by Councilman Drury.

Petitions for sewers presented and referred to the joint committee on streets and finance follow: $700 for sewer on Fayette between Queen and Princess streets; $580 for sewer on Princess between Fayette and Payne $550 for one on Queen between Henry and Fayette streets.

Petition protesting against installing of gasoline tank by A. B. Ale on the east side of Alfred between Duke and Wolfe streets, signed by a number of property owners, was referred to the street committee.

On the recommendation of the light committee it was decided to place a sixty watt incandescent light in George Washington Park opposite the property of T. J. Fannon.

KRAMER BREAKS STILL

Greenville, S. C., Feb. 24.—John F. Kramer, Federal Prohibition Commissioner, was the "man with the hoe" in this county yesterday, personally breaking up a 25 gallon moonshine still with the implement used to stir the "mash."

The Federal dry chief, visiting from Washington, accompanied State officers into the "dark corners," of the county on a hunt for illicit stills. They found one, in a ravine, but the moonshiners had fled, and the job of busting up the apparatus was turned over to Mr. Kramer.

Pretty Nurse Admits Being N. Y. Firebug

New York, Feb. 24.—Miss Mary J. Hickey, 34 a nurse, of Brooklyn, was placed under arrest yesterday morning by Detective James J. Murphy on a charge of arson.

Miss Hickey, who is good-looking, wept bitterly as her pedigree was taken.

Fire Marshal Thomas Brophy and Detective Murphy questioned the woman for eight hours before she broke down and admitted, they say, that she had set three separate fires in the dental parlors of Dr. H. C. Parker at 1032 and 1034 Gates avenue, corner of Broadway, at 8.30 o'clock last night.

The members of thirty families were driven to the street by the fire and firemen fought the blaze for more than an hour before they got it under control. Damage was estimated at $5000.

"I don't know what made me do it," sobbed Miss Hickey as she told her story. Some thing flashed through my mind that made me want excitement and well—I got it."

Miss Hickey said she was graduated from Boston College, where she studied dental surgery. Coming to New York, she obtained employment in the office of Dr. Parker about six months ago.

Miss Hickey was held in $5000 bail by Magistrate Geismer. Dr. Arthur B. MacKenzie went on the young woman's bond, saying:

"We all have mothers and this girl did this in a weak moment."

Satisfactory Work

Despite Fact Schools Are Overcrowded Pupils Meet Requirements

January 8, 1921.

Mr. C. M. Ray, Prin.
Alexandria High School,
Alexandria, Virginia.

I have examined carefully your annual high school report recently submitted to this office, and wish to make the following comments.

The average number of pupils per teacher in the elementary grades is so high that you cannot hope to do satisfactory work in those grades. If possible, additional teachers in those grades should be employed at once. Your average is so far above the prescribed maximum of thirty-five as to raise a serious doubt as to the wisdom of accrediting your school.

With this exception your school seems to be meeting the requirements for accrediting in a satisfactory manner.

Assuring you of my earnest desire to co-operate with you in your efforts for the advancement of education in your community, I am, with best wishes,

Sincerely,
(Signed) Henry G. Ellis,
Supervisor of Secondary Education.

Writ Of Error Granted

Plaintiff Was Awarded $3000 in Lower Court

The Virginia Supreme Court of Appeals in Richmond yesterday granted a writ of error and supersedeas in the case of the Washington-Virginia Railway Company against Struder's administrator.

Damages in the sum of $3,000 was awarded Struder's administrator by a jury in the circuit court for Arlington county when a train of the trolley company struck her, she dying from her injuries.

In the petition it is set out that the girl had poor hearing and eyesight, and that she was familiar with the schedules which are in froce on the road, and therefore, was guilty of contributory negligence in walking on the tracks.

J. F. Betz Brewery Seized and Guarded by Revenue Agents

Philadelphia, Feb. 24.—Following an investigation made by Washington authorities, the brewery of John F. Betz and Son, at Fifth and Callowhill streets, was seized on Tuesday and is now under heavy guard, the brewers being charged with failure to pay the internal revenue tax on beer containing more than one half of one per cent of alcohol by volume.

Neither the seizure or the investigation was made by prohibition authorities.

Internal revenue deputy collectors who investigated the Betz brewery say that beer containing more than one half of one per cent was sold by the Betz Company on which a tax of only $1.50 a barrel had been paid.

The tax of $1.50 a barrel is paid when beer containing the allotted amount of alcohol specified in the Volstead act is sold, but when the alcoholic content rises about one half per cent then the beer is subject to a tax of $6 a barrel, of thirty-one gallons.

"DEAD" SOLDIER RETURNS TO FIND WIFE REMARRIED

Lafayette, Ga., Feb. 24.—Fred Williams, who went away to war in 1917, will return home in a few days to find his "body" buried here, his war insurance policy paid and his bride the wife of another.

This was the situation disclosed yesterday when Mrs. Grace Robertson received a brief telegram from New York signed by her first husband, saying he had landed and was coming home as soon as possible. There was no explanation of his long silence.

The War Department reported Williams killed in action soon after he went to France paid his widow his insurance and then sent a soldiers' body here as his. Williams' wife, whom he married but a few months before he left, mourned his death for a while and then married a former sweetheart, Joseph Robertson.

Pictures For Children

Chamber of Commerce Donates Auditorium to Y. M. C. A., for That Purpose

The Y. M. C. A. moving pictures for the kiddies are to be shown Friday afternoon at 3:30 in the auditorium of the Chamber of Commerce. The Ladies' Auxiliary of the Y. M. C. A., has decided to discontinue the community socials, at least until after the Lenten season is over. It has not been decided whether they will be continued after Easter.

It was decided that the children's movies should be continued as it was felt that they were filling a distinct need which could not easily be discontinued. The place to hold the movies free for the children was somewhat of a puzzle until the Chamber of Commerce through its president, J. Y. Williams, offered the use of the chamber auditorium for the purpose.

It may be assumed that the youngsters will have a very friendly feeling for the Chamber of Commerce henceforth.

The pictures to be shown free to the children Friday afternoon will include a special film from the Red Cross entitled, "Every Swimmer a Life Saver," which was produced under the personal supervision of Commodore Armstrong, who is the Red Cross life saving specialist, and will doubtless be intensely interesting to the little ones.

Declares Girl Clerks Make Trousseaus in Office Hours

Washington, Feb. 24.—Work in some Government departments moves so leisurely that girl employes have been known to make their trousseaus during "working" hours, the Senate was told today by Senator Smoot. The Senator said he had personally investigated the situation in the offices.

"Why," he added, "it has got so that when I start for an office word is telephoned ahead that Senator Smoot is coming and for every one to get busy on their typewriters."

Flag Missing

Believed Souvenir Hunters Took Marshall House Flag

A flag on a staff that for several months past has adorned the side wall of the old Marshall House at the southeast corner of King and Pitt streets is missing, and Robert F. Downham, of the firm of Downham and Ridgely, says he would be grateful if the finder will restore it to that firm. However, he is of the opinion that some one probably stole the flag as a souvenir from the Marshall House. He has adopted a policy of watchful waiting and is in hopes that it may be returned. If not a new flag soon will be thrown to the breeze to indicate to the guides in the automobiles that pass daily that place bearing the flag is the Marshall House.

McAdoo Sees Federal Ownership of R. R.'S As Only Solution

Washington, Feb. 24.—Declaring the Transportation act a failure both in theory and effect, Wiliam G. McAdoo, Director Geenral of Railroads during the war, said yesterday that the carriers were drifting toward government ownership, which to him seemed the only apparent solution.

The railroads, Mr. McAdoo said, had not been put into the condition desired despite the payment of millions of dollars of taxpayers' money to them under the terms of the Transportation act.

The increasing of rates clearly has not solved the railroad problem, Mr. McAdoo declared. While the larger roads are showing better returns, the smaller lines are not profiting by the new rates, he added.

The proposed plan for the consolidation of the railroads into a number of systems was declared to be impractical.

Mr. McAdoo thought that the carriers should pay for their labor at its market value just as they have to purchase their steel from the mills at the market price irrespective of their earnings.

Washington, Feb. 24.—Secretary Daniels said yesterday that Edwin Denby, who has been selected by President-elect Harding as Secretary of the Navy, would bring to the post a wide experience in naval affairs that would be of great benefit to the navy and the country.

STAGE IS SET FOR HEARING RATE CASE

Washington - Virginia Fare Boost Before I. C. C., Tomorrow

COMMUTERS INVITED

Trolley Line Asks Commission for Big Fare Boost and Seek Permission to Take Off 25 Trip Ticket

The stage is set and all is in readiness for the hearing tomorrow before the Interstate Commerce Commission on the proposition of the Washington-Virginia Railway Company which line seeks permission from the Interstate Commerce Commission to boost its rates.

The hearing will begin at 10 o'clock before the Interstate Commerce Commission at its headquarters Eighteenth and Pennsylvania avenue, northwest.

The executive committee of the Mt. Vernon division Commuters' Association, which organization has been diligent in making out preliminary plans for resisting the fare boost, request that all persons who can attend the hearing. They say that the better showing made the better for the city.

There will be individual representatives from the various organizations and others interested in preventing the proposed increase.

Attorney Conrad Syme, former corporation counsel of Washington, represents the Commuters and James R. Caton is advistory counsel for the Chamber of Commerce. The city will be represented by Attorney H. Noel Garner.

Here is what the electric railway company wants: To increase the price of the round trip from 38 to 48 cents; to take off the twenty-five trip books of tickets, the most popular book sold on the line, and to increase the price of the monthly book, the book used by every worker, men and women, from $4.46 to $5.58.

This company last April secured an increase in rates and advanced the price of the monthly book from $4.05 to $4.46 and they also took off the eight trip ticket which sold for ninety cents known as the package ticket.

Should the railway company obtain the huge increase they ask for they would have the majority of the citizens paying forty-eight cents to ride to Washington. This would mean that many of the workers who rent here and spend their money with the merchants here would eventually move to Washington where they are employed. It is pointed out by them, by real estate dealers and others that hundreds of persons would be willing to come to Alexandria rather than live in the District if they could obtain cheap care fare. High care fare will prove a death blow to Alexandria despite the opinion of others to the contrary. More than 1,000 persons earn their living in Washington and spend most of their earnings here. Others are ready to come here and locate just as soon as they can obtain houses, if they can obtain reasonable car fare. Do your duty by attending the hearing tomorrow and show your disapproval of the trolley magnates to this proposition.

Plutarch.

Attorney General Palmer.

Attorney General A. Mitchell Palmer is soon to relinquish the duties of his high office. Of the many distinguished names who have performed the onerous functions of that most important post during the last fifty years, that of General Palmer will rank among the highest in point of ability and equipment. With large and varied experience in public office, with a native endowment surpassed by none of his predecessors and equalled by few, he has maintained the lofty traditions pertaining to the first law-office of the land. The country at large has felt secure and satisfied so long as his vigilant and active mind held the course at the helm.

General Palmer's administration of the Alien Property Custodianship was a marvel of accurate judgment, legal learning, and painstaking care. But few people are aware of the delicate and difficult duties it involved, and the overwhelming mass of intricate detail that came before him daily for immediate decision. In every case his judgment was instantaneous and unerring. He was the marvel of his numerous staff, who served him with a loyal and spontaneous zeal begotten of admiration and affection. He rendered his country an untold service in this office, and it has already accorded his labors that tribute of respect and confidence which they merit.

He has administered his duties as Attorney General of the United States in the same dignified and exalted spirit. His course of action in the ever-present peril of anarchistic propaganda, widely distributed over our country, has the hearty approval of the people. His appearance before the Senate Judiciary Committee last week accentuated the wisdom of the measures initiated by him, and fully established their pressing necessity.

General Palmer's enemies are those of which he may well be proud. The lawless elements, the grafters, the dodgers and slackers, together with the classes claiming special privilege, constitute almost entirely the enrolment of his opponents. His friends and those who have abiding faith in him, are numbered among the millions of red-blooded Americans who believe in their country and its institutions above all other things. Partisanship plays small part in their attitude. They have read between the lines and stamped the seal of their sanction upon the acts of their tried and proven public servant.

General Palmer by nature is not a politician. He scorns the petty intrigue and paltry machinations of those who seek self-advancement and personal glory. We believe that had he consented to the conduct of his candidacy for the presidential nomination last year on a lower plane there might have been a different outcome at San Francisco. We further believe that his nomination might have awakened a responsive enthusiasm among the masses of intelligent voters that would have given the campaign an entirely different complexion.

But the Attorney General is still young in years. He has not yet rounded his half century. The future undoubtedly holds in store for him many further honors at the hands of his fellow-countrymen. We should not be surprised to see him a Democratic governor of his native state in the not remote future. And from that to the nominee of the Democratic Party for the highest gift in the power of the people, is but a step. The Republican Party is, thus early in its administration, indicating a return to the old stalwart principles and practices. If it continues its course and becomes again the party of reactionism, the nation may be relied upon to submerge it in overwhelming defeat. When that time comes, as it is in all probability likely to come, General Palmer, perhaps then Governor Palmer, may be relied upon to lead the Democratic hosts to a just and rightful victory.

Our High School Again.

Last night our editorial rooms were called on the phone by a lady who did not favor us with her name, but who stated that if we wanted to be fair in our discussions of the High School we would mention the fact that it was not accredited to the higher institutions, and that our graduates were obliged to take separate examinations for entrance.

We presume our informant, whose sincerity of purpose we do not question based her statement on a certain letter which we publish in our news columns today. This letter, from the State Board of Education criticizes our crowded school rooms, only. It expressly states that aside from this our High School "seems to be meeting the requirements for accrediting in a satisfactory manner." This is praise, not blame. If we can meet the requirements for accrediting in a satisfactory manner, in spite of our hampered conditions, could we not do even better if we had the proper facilities. We are working at a disadvantage, and the Gazette has already brought this to the attention of our School Board.

Our figures yesterday were authentic and we purposely made no comment but let them speak for us. We desire to be fair and are always glad to welcome in these columns any matter pertaining to our own views and discussions.

But our editorial of yesterday was simply an analysis of figures given out by the official organ of the Southern Commission on Accredited Schools. Of course there can be no exception taken to the statistics. Any comment adverse to them must show their falsity.

That Hearing

The Interstate Commerce Commission will hear argument in the Washington-Virginia Ry., vs the Good People of Alexandria on Friday morning, 10 o'clock, at their rooms, 18th and Pennsylvania Ave., Washington. Every man, woman and child is urged to attend. Your friends will be there and need your presence. The argument will be interesting and illuminative. Come!

Sees Bar to Disarmament In Navy-Building Plans

Washington, Feb. 24.—Pursuance by the United States of its present naval building program will offer "great, if not insuperable, obstacles" to the consummation of an international agreement for disarmament, Senator King Democrat, Utah, declared in a minority report filed yesterday in the Borah resolution directing the Senate Naval Committee to report on the advisability of suspending naval construction for six months.

Taking issue with the majority report opposing any suspension of building, Senator King declared the majority apparently held the opinion that the "war taught no lesson except that savagery and sanguinary struggles are eternal and the moral forces in the world are too feeble to establish justice and usher in a reign of righteousness and peace."

The majority opinion that the battleship still remains the backbone of naval power, Senator King said, was based solely on views of the Navy General Board, which, he said, showed a "slavish adherence to the past" and a total disregard of the war's lessons. The report advocated completion of five battleships and one battle cruiser of the 1916 program and suspension of building on 11 other major ships.

$70,000 CHICAGO ROBBERY

Four Robbers Overpower Watchman and Rifle Jewelry Firm's Safes

Chicago, Feb. 24.—Five safes were blown open and loot which may total $70,000 was taken by four robbers from the offices of John Magnus & Co. a jewelry firm early yesterday. According to John Magnus, head of the firm, the cash loss may total $40,000 while securities taken were valued at $30,000. Much of the latter was owned by employes.

While two men, suposed to be former employes, from their intimate knowledge of the building, forced the night watchman to make his customary rounds, two others worked for several hours over the safes, neglecting other safes in which was stored less valuable merchandise.

Today was to have been pay day for the 1,100 employes, and it is believed the payroll, totalling more than $30,000, was the principal object sought by the robbers.

Soon after 5 o'clock the watchman released himself from his bonds and called the police, but squads of officers scouring the wholesale district found no trace of the men.

"SPITE," SAYS POSTAL OF SUIT

New York, Feb. 24.—The Governments' suit against the Postal Telegraph and Cable Company "to recover $2,100,000 of the earnings of that company during the period of Government control" was instituted "merely out of spite and vindictiveness," William J. Deegan, secretary of the company, declared in a statement issued here yesterday.

ASTROLOGY FOR 1921.

To the Editor:

In looking over the positions of the planets for 1921, which are guiding our lives, (though not compelling our actions), we find so many evil aspects in squares and oppositions that children born this year will have an uphill struggle in life, and those already in the world under these aspects will positively need the greatest care on the part of parents or guardians.

Neptune, ruler of narcotics, in the sign Leo governing the heart, increases the danger from tobacco. Uranus, teh erratic planet, is continually opposing the good aspects of other planets to make children very secretive in their actions, so should be kept in the sunlight by day and out of dark corners at night.

In April both Uranus and Saturn are in opposition to Mercury and Jupite. The sun opposed by Dragon's head. May is worse yet as Neptune is square to the sun and Mars. Saturn and Jupiter in opposition to Uranus. Neptune square to sun governs by impulse rather than reason making the nature supersensational. Mars increases this effect. Saturn in opposition to Uranus gives an unscrupulous nature with extreme ly violent temper.

Jupiter opposite Uranus gives impulsive anture, liable to ac lin erratic or unexpected manner to their own undlong. Loss by speculation, lawsuits, impulsive extravagance are indicated.

$12,000,000 PLANT FOR TIRE CO. READY

Cumberland, Md., Feb. 24.—The new $12,000,000 tire plant of the Kelly Springfield Tire Company, which was finished last week, will begin operations within a month. Officials say the plant was conducted at nearly pre-war prices for materials. When running on a capacity basis it will provide employment for about 5,000.

The property consist of more than 100 acres of tableland along the Potomac River, about one mile from this city, and is served by three trunk line railroads, one of which skirts the site.

The Kelly Springfield Company has started a comprehensive housing development near the property to supply first class homes for workers.

Princeton Loses Nine Of 15 Frick Millions

Pittsburgh, Feb. 24.—The late Henry C. Frick, who thought he left Princeton University $15,000,000, has only left it some $6,000,000 though his will specified the bigger sum. Similarly the millionaire bequeather approximately $50,000,000 to charitable causes, but under terms of the same document by which he made these bequests their bulk is destined to vanish not exactly vanish, but disappear in taxes.

A clause in Mr. Frick's will directs that all Federal and State inheritance taxes must be paid from the capital of his residuary estate. Thence come the deductions.

The State of Pennsylvania has appraised the estate for taxation at $91,000,000 and collects, at 5 per cent, $4,550,000 from the residuary estate valued at $50,000,000. The Federal tax based on the estimate of $83,000,000 taxable property would be approximately $20,750,000, This would bring total deductions necessary to be made from the residuary estate to approximately $25,300,000.

Eight Die, Many Hurt, In Disorder in Ireland

Belfast, Feb. 24.—An ambuscade at Mount Charles, County Donegal, last night, resulted in the death of two policemen and a young woman. The body of the latter was found today lying in a yard. She had been shot through the heart.

Two members of the attacking party were captured. Two shops in Mount Charles were burned to the ground and another house was set on fire. Sinn Fein hall was burned, shops were raided and people fled the town. Constable Hughes was killed.

Chasco-Vin's 150th Testimonial

R. L. Nickel, one of Camden's leading paper hangers said: "I consider Chasco-Vin a great medicine. I am stronger and better today than for a long time. I had one of those bad colds that hang on and I was badly run down too. I took three bottles of Chasco-Vin and it fixed me up in good shape. I feel so much stronger and benefitted so very much by taking Chasco-Vin that I believe it due you and everyone else to know about Chasco-Vin. As I said before I consider it a truly great medicine."

Chasco-Vin is sold only by specially appointed agents. In Alexandria the agent is Edgar Warfield, jr., Corner King and Pitt Streets.

For ordinary Coughs take Chasco Koff Knocker. For slight Colds, take Chasco Kold Knockers and Grip Checks, made by the mfgs. of Chasco-Vin.

SPORTS

Friday night at the Armory the Daughters of Isis will engage the fast Stewards Business College in a basketball game, which will no doubt be one of the classics of the season, as the Washingtonians are coached by Johnny Goetz, stellar guard of the crack Yankees, champions of the district, and who also plays this position on the visiting quint, and together with several George Washington University former stars complete make-up their line up.

Manager Wheatley uncorked a "dark horse" last night at Armory Hall when his K. of C. basketball quint defeated the strong Epiphany Comets, runners up for the District championship in one of the fastest and cleanest games played here this season, score, 30 to 12. and considering that the Comets were only defeated by four points by the champion Yankee team earlier in this week the victory for the locals is deserving of more credit. Close guarding by Creegan, Roberts and Hayden, while Beaton and Dreifus were netting long and difficult shots, and with Hoy getting the jump on the opposing center, were the main cogs in the smooth machinery of the Caseys, Country Morris, with fast floor work and tight guarding prevented the locals score reaching higher and was easily the Washingtonians best man. Sam Boyd and Jimmy Daniels in forwards for the Comets were covered well by the locals, and were always compelled to hurry their shots. The losers were loud in their praise for the clean game and good treatment received and complimented Manager Wheatley highly on his crack quint Line up and summary. Forwards, K C.; Dreifus and Beaton. Center, Hoy Guards, Creegan, and Roberts, Hayder substituted for Hoy. Comets, Sam Boyd and Daniels, forwards, Williams, center, Morris and Jim Boyd guards. Goals, Beaton 7, Dreifus, 4 Roberts, 2, Hayden, Morris, 2, S Boyd, 2, Daniels, 2. Fouls, Dreifus 2 (out of 5), Daniels (missed six.) Time of game, 4 to 10 minute quarters.

Referee, Mr. John Walton Tulloch Mercersburg. Score 1st half, K. C 16, Comets, 6, end of game, K. C. 30 Comets, 12.

NEAR EAST RELIEF

Richmond, Feb. 24.—A joint resolution commending the Near East Relief to the people of North Carolina and urging them to rally to the support of the suffering Armenians and Syrians has just been passed by both houses of the legislature of the Tarheel Statet, it was announced yesterday by Oliver J. Sands, state chairman for Virginia.

North Carolina is feeding and clothing 3,334 orphaned children in the same manner that Virginia is taking care of 5,000. Through economical purchasing the national body is able to feed and clothe one child a year for $60. Four Virginia counties have already raised their quotas

The resolution was introduced into the North Carolina House of Representatives B. G. Crisp who is chairman of the Near East Relief work in Dare County. It sets forth that "whereas the Near East Relief has secured and distributed more than $50,000,000 worth of feed among these distressed people during the past three years, that the general assembly endorse this work."

It also expresses confidence in the State Director, Claude W. Hopper, of Richmond, who is handling the North Carolina work as well as that of Virginia, and other workers in the Tarheel State. The resolution is signed by W. B. Cooper, president of the Senate, and H. P. Grier, speaker of the House.

Secretary of the Navy, Josephus Daniels, is honorary state chairman and Governor W. T. Bickett is a member of the executive committee of the work in North Carolina.

U. S. BEST ADVERTISING NATION

Richmond, Feb. 24.—At the weekly noon meeting of the Richmond Advertising Club today Professor Ralph L. Power, of William and Mary College, spoke on "Foreign Trade Advertising." The talk supplemented the exhibit of foreign posters that the speaker collected in France during the war.

In closing Prof. Power said: "We now see more than ever the necessity of using our advertising as the big additional element which we have over Germany and England. They can send as many salesmen as we can; they can make as good goods as we can; and they have the added advantage of banking, credit and branch facilities, that have only temporarily been discontinued.

"But they do not know advertising. They do not know the theory of talking to the mass as we do. It is only by taking the methods that have been found successful in this country, and applying them through our knowledge of what the South American wants, that we can hope to keep off successfully that competition which is rapidly gaining ground in spite of the set back that it has had during the last few years.

IN MEMORIAM

In loving remembrance of our dear son and brother, GEORGE OWEN WARD, who died one year ago today, February 24, 1920.

We can not forget you dear son
While in the world we stay,
God only knows our feeling
Since you have passed away.
Keep him Jesus in thy keeping
Till we reach the shining shore,
Then O Master let me see him,
Love and keep him as before.

His loving Mother, Father,
47-1p. Brother and Sister.

IN MEMORIAM

Sacred to the memory of my dear uncle, THOMAS W. COOK, who passed away two years ago today, February 24, 1921.

'tis well remembered footsteps,
We listen for in vain,
And our eyes grow dim with watching,
And our hearts are sad with pain.
Can we help but feel so lonely,
When his voice we do not hear,
For no words were ever sweeter,
Than the words he spoke so dear,
Although I cannot clasp your hand,
Your face I cannot see,
But let this little token show,
I still remember thee.

Devoted niece, Pauline Dodson.

In memory of THOMAS W. COOK, who departed this life two years ago today, February 24, 1921.

The month of February is here,
To me the saddest of the year,
Because two years ago today,
My beloved uncle passed away.

By his loving niece,
47-1p Isabel Dodson.

IN MEMORIAM

In sad but loving remembrance of our dear son and brother, THOMAS W. COOK, who passed away 2 years ago today, February 24, 1919.

The month of February once is here,
To us the saddest of the year,
Thinking of the one we loved so dear
Wishing he was only here.
He left his home in perfect health,
He looked so young and brave,
We little thought how soon he'd be
Laid in a soldier's grave.
God is our adviser,
Guess he knoweth best,
That is why he took him
Just for a rest.

By his Mother, Brothers and
47-1p. Sisters.

NEW TIME RECORD SET IN DEATH TRIAL

Chicago, Feb. 24.—In what is said to have been the shortest murder trial on record in Cook county, J. Ellsworth Griffin, 50, yesterday was found not guilty of killing his business associate, William C. Bryan.

Griffin was placed on trial at 10 a. m., yesterday, and the jury completed in five minutes. The jury deliberated six minutes and returned its verdict of acquittal.

Griffin had entered a plea of not guilty, claiming that the fatal shot was fired in a scuffle for the weapon. Bryan was killed during a drunken carousal April 12.

A jury previously had declared Griffin insane and remanded him to an asylum for a year. His relatives obtained his release, however, on the ground that he had recovered his sanity and his attorneys demanded the trial today.

GROWTH OF WILLIAM AND MARY COLLEGE

Williamsburg, Va., Feb. 24.—Due to the increased demand for classes in Greek and English, and the growth of the pre-legal and introductory law course, the College of William and Mary has secured two additional professors, one as an associate in Greek and English, and the other an associate in business law.

Rev. William A. Hamilton has been appointed in the Department of Law. He is an A. B., of Harvard; an LL. B. of Cornell; and a Master of Laws and Doctor of Civil Law of Yale. Dr. Hamilton is a member of the New York and California bars, and during the war was a captain of Coast Artillery, being for two and a half years judge advocate at Camp Eustis. Dr. Hamilton during this term is conducting classes in Roman Law, Contracts, Bailments, Personal Property, Criminal Law, and Money and Banking.

The associate professor of Greek and English is Professor George H. Golsinger. He is an A. B. of Muhlenberg College, and an M. A. and graduate student of Harvard. Prof. Golsinger was formerly associate principal of the Haynes McLean School and head of the department of Classics, Carthage College.

WOMAN, 72, HELD AS COUNTERFEITER

Roanoke, Va., Feb. 24.—Mrs. Samuel T. Wheeler, 72 years old, of Buena Vista, Va., near here, yesterday was arrested by Deputy United States Marshal Charles Hamilton on a charge of counterfeiting.

According to Federal District Attorney Joseph Chitwood, Mrs. Wheeler confessed she had raised a number of $5 and $10 Federal reserve notes to $50 and $100 and made purchases with them in this city.

Federal officers who searched Mrs. Wheeler's home at Buena Vista, the district attorney declared, found a set of utensils for changing figures on paper money, together with a special kind of glue, which the officers asserted was manufactured in the woman's home. A green crayon, the officers added, also was found, which they believe was used to raise the figures on paper money.

When the authorities questioned Mrs. Wheeler, they said she declared she found the counterfeiting utensils at an evangelical meeting in the city auditorium here last fall.

STOMACH ON A STRIKE

"Pape's Diapepsin" puts Sour, Gassy, Acid Stomachs in order at once!

Wonder what upset your stomach—which portion of the food did the damage—do you? Well don't bother. If your stomach is in a revolt; if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just eat a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion, if your food is a damage instead of a help, remember the quickest, surest, most harmless antacid is Pape's diapepsin which costs so little at drug stores.

Virginia Will Have Co-Operative Live Stock Shipping Associations

Richmond, Feb. 24.—Cooperative live stock shipping associations have been organized in Culpeper, Rockbridge and Grayson counties. Loudoun, Pulaski, and King George, Louisa, Carroll and Albemarle counties have under consideration the marketing of live stock cooperatively and leaders in agriculture in Tazewell, Lee, Bland, Mecklenburg, Fauquier and Hanover counties are much interested in the plan now being promulgated by the Bureau of Markets of the State Department of Agriculture, and U. S. Bureau of Markets, cooperating.

Much enthusiasm over the organizations now being formed is being displayed by individuals concerned and indications now are that when live stock begins to move to market, those who are putting forth special effort now to organize associations will be kept busy making demonstration shipments and assisting those organizations already formed. It is therefore, very important where it is desirous to have cooperative live stock shipping organizations formed for handling the stock this coming season, that the association be gotten together before the first of May.

A. H. Keithly, live stock marketing specialist of the Division of Markets at Richmond, Va., who has charge of organizing cooperative associations in Virginia, is visiting the live stock markets at Baltimore, Lancaster, Philadelphia, and Jersey City to get information of conditions existing on those markets. Mr. Keithly has had wide experience, having been on the Chicago, Kansas City, and St. Louis Markets, and made shipments to all of these big live stock centers.

RECEIVER APPOINTED FOR LESLIE-JUDGE COMPANY

New York, Feb. 24.—A receiver was appointed yesterday for Leslie-Judge Company. The company's assets were said to amount to $400,000, subject to mortgage liabilities of $2,216,000.

William Green, chief stockholder in the company, charged in his petition that poor business management, the high cost of paper and labor had caused heavy losses. The company published Leslie's Weekly, Judge and Film Fun. Reuben P. Fletcher is president.

CHANGES AT STATE NORMAN SCHOOL FOR WOMEN

Fredericksburg, Feb. 24.—President A. B. Chandler, jr., of the State Normal School for Women, has definitely announced certain changes in the curricula and policy of that Institution for the session 1921-22 which are of great interest to the people of the State. The most outstanding of these changes are:

1. All high school work will be eliminated, the Institution going upon a wholly professional basis and receiving only high school graduates (or 14 units as a minimum) and holders of first grade certificate.

2. Three training schools of different types will be maintain for practice teaching and observation.

3. Both the Junior and the Senior years of the Commercial teacher training course, begun in 1920, will be given.

4. Only two girls will be placed in a dormitory room, with the possible exception of a few large corner rooms in which three may be placed.

5. The supervisory force will be doubled.

6. The Institution will emphasize the preparation of elementary school teachers, but will offer strong courses in home economics, preparations of high school teachers, and music supervision.

7. In 1921-22 the Institution expects to offer a full summer quarter of twelve weeks.

300 MANIACS FIGHT TO DIE IN FLAMES

Hamilton, Ont., Feb. 24.—More than 300 maniacs, fighting to hurl themselves in the flames, were rescued yesterday when fire swept the Orchard House, one of the main buildings of the Ontario Hospital for the Insane.

There were 356 lunatics in the building when the fire started. The entire asylum staff—doctors, nurses, attendants and even some of the mildly insane from other buildings—battled to save the maniacs, whose wild cries resounded above the roar of the flames. Dr. W. M. English, hospital superintendent, led the fight.

Many of those rescued tried to run back into the fire. Others struggled desperately against being carried to safety. Some of those liberated ran madly around the asylum grounds.

Officials stated that all patients had been taken out, but two were missing. They probably escaped from the asylum during the excitement. Orchard House was destroyed.

TO START UP IN FEW WEEKS, SAYS FORD

Detroit, Mich., Feb. 24.—The Ford Motor Company's plants will be in full operation in a few weeks, Henry Ford said yesterday. Men are being rehired as fast as the company can take care of them.

Orders for 79,000 cars in March have already been received. Ford stated, and the huge blast furnaces and tractor plants at River Rouge have been set in operation. Between 15,000 and 20,000 men are employed in the Rouge plants.

Three thousand men will be rehired at the Highland Park plant before the end of the week, bringing the total working force in that plant to nearly 20,000.

MISS QUIRK GETS $25,000

Woman Who Asked $400,000 of Land Owner's Estate to Try Again

Memphis, Tenn., Feb. 24.—Miss Mollie Quirk, of Milwaukee, who in support of her claim to a $400,000 share in the estate of the late Patrick Kallaher, Memphis landowner, detailed a courtship extending over two decades and cited an alleged agreement that she was to inherit the bulk of his fortune, was awarded $25,000 by a jury in Federal district court here yesterday.

Announcement was made that a motion would be filed asking a retrial of the case, which already has been before the Federal court here four times within the last six years.

CHARLES CHAPLIN

In the great picture the world's greatest comedian has been working on for a whole year.

"THE KID"

A First National Attraction

The daylight trials of motherhood, the midnight trials of paternity are all for Chaplin in this super-comedy. He was a good mother to the kid, and when that kid grew up he sure became a good son, for Charlie is a wandering glazier and while the kid went ahead breaking windows Charlie was always at hand to get the job of mending them. And yet there's a sob now and then. Never expected that of Charlie, did you? Well here's where you get something more than laughs!
